Flora Steele to Sam Steele

[pg 1]

April 28th 1909
Calgary, Alta.

My own dear Father: -

The end of the month is rapidly approaching, and I must answer your two welcome letters on this last opportunity before you leave on your inspecting trip.

I have written Mrs. Mandeau, thanking her for her extreme kindness, in working for me that charming handkerchief.

I am such obliged for the names of Grandpa's ships, dear old Dad.

Mother has I fancy, told you all about Mrs. Mackie's interesting letter. She tells us that Evelyn is a splendid rider. I hope I shall be, after a little greatly needed practice.

How are you my dear Father? Aunt Min seems to enjoy her visit to Lethbridge. Edith Lilly and her friend Dorothy Ross from Montreal came to see me on Monday afternoon.

It will, please God, be delightful for us all to be together once more.

[pg 2]

Dear darling old Dad, give my love to Mrs. Mackie, and keep some for yourself.

I am

Your own, own

Torla
