My own darling boy,

Yours of the 10th 13th & 12th received a few moments ago. I write a line only to tell you that if you prefer that we should remain here until July or Aug. I am quite willing to do so, my dear - particularly if you find it difficult to get a house as we truly cannot afford to give \$100.00 per month - on the other hand, groceries, meat & living expenses in fact, may be less & in that way equalize the matter. however [*sic*], you know best, my dear & your will is mine, for as you know, we are very comfortable. I suppose you will have to come up for camp in June or rather July anyway. so [*sic*] decide what is best & let me know; rest assured I know perfectly you always do for the best. All are well & send love. In haste, with time enough for a few kisses & warm hugs,

I am, as ever

Your own devoted, loving [/oss]

Maye.
