

Grand Rapids April 12th/41

My Dear Sir/

James has arrived bringing with him a Coulter a plate for Share & 2 feet of hatchet bar. This is not sufficient, some rod iron is required for bolts and supports to the stilts; and two inch bar for the bridle and sole. I shall endeavor to get the latter from the Fort. i.e. should there be any.

I send with him 3 bushels of barley and 1 of malt.

With kind regards I am

My Dear Sir/ Your Truly

Wm Cockran.
