Dear sir

Your letter of the 17th November, enclosing Bill on the HB.Co. for £50 Stg & order for tea &c. reached me on the 16th April, and was briefly acknowledged by the Spring Express.

I have now the pleasure of handing you Invoice of Eight Packages shipped on board the Westminster to your address, which I hope will reach you safe & meet your expectations. As the cost including Freight came within (?) of the amount of the remittance I thought it as well to pay all charges on your goods, & you can settle the small difference at any future time that may suit your convenience.

I am

Dear sir

Yours faithfully

W.G. Smith
