

U of A Archives: Accession Number 2005-37							
Box and File Descriptions for the Records of Dr. Diane Taylor							
<i>Abbreviations Used:</i>							
<i>Box</i>	<i>File</i>	<i>UnitTitle:</i>	<i>ScopeContent</i>	<i>Unitdate</i>	<i>Physdesc</i>	<i>Accessrestrict</i>	<i>Userrestrict</i>
1	1	To-do-lists, notes Pulsed-field gel electrophoresis of Campylobacter jejuni and campylobacter coil genomic DNA and its epidemiological application	Daily to do lists, dated lab notes Manuscript, notes, editorial comments, correspondence on scholarly article co-authored by Dr. Taylor	1987-88	50 loose pages	Open	
1	2	Lab results	Printouts of lab results	1992	24 page article and supporting documentation		
1	3	Lab results	Results of "bio typing, serotyping, and phage typing"	1991	notes, photo prints, and negatives		
1	4	Lab results	lab photos of c. pyloridis photo	1985-87	notes, photo prints, and negatives		
1	5	Antigenic Analysis of Major Outer Membrane Proteins of Campylobacter Species.	Notes, summary, lab graphs and results.	1987	notes, graphs		
1	6	Analytical results of analysis	bar graphs and dna images	[ca 1989]	bar graphs and dna images		
1	7	graphs and dna lab results	bar graphs and dna images	1989			
1	8	Text(O) a protein which mediates ribosomal protection to tetracycline binds and hydrolyses GTP	Manuscript, notes, editorial comments, correspondence on scholarly article co-authored by Dr. Taylor	1995	Manuscript, notes, editorial comments, correspondence on scholarly article co-authored by Dr. Taylor		
1	9	Genome Map of Campylobacter fetus subspecies fetus ATCC27374	Manuscript, notes, editorial comments, correspondence on scholarly article co-authored by Dr. Taylor	1994	Manuscript, notes, editorial comments, correspondence on scholarly article co-authored by Dr. Taylor		
1	10	"Hybridisation"	Printouts of lab results	[ca 1992]	Printouts of lab results		
1	11	DNA test results	Printouts of lab results	[ca 1992]	Printouts of lab results		

1	13	Garfield & Family Circus	Newspaper clippings	[ca 1989]	Newspaper clippings		
1	14	Research correspondence with Hubert Eridtz	Correspondence, faxes, lab results.	1990-1992			
1	15	Research correspondence	Lab results, photo prints. Some titles include: "Immunoblot," "Colony Blot"	1986-1987	photo prints		
1	16	Association between Tellurium Resistance and Bacteriophage Inhibition Conferred by R Plasmids	Copy of manuscript for publication	1978	photo copy		
1	17	Notes from experiments	handwritten notes, dated and listed by number and title; results from various chemical experiments are also included however not always indexed to the list of titles. Some results include photo prints and photo negatives	1979-1980	Handwritten notes on lined paper; some photo prints and negatives		
1	18	Notes from experiments	handwritten notes, dated and listed by number and title; results from various chemical experiments are also included however not always indexed to the list of titles. Some results include photo prints and photo negatives	1982	Handwritten notes on lined paper; some photo prints and negatives		
2	19	Notes and results from experiments	Slides, graphs, photo prints and notes from various experiments	1982	Slides, photo prints and handwritten notes		
2	20	Notes and results from experiments	Printouts of graphs and notes from various experiments. Includes copies of published articles from various refereed scientific journals.	1971-1972	Slides, photo prints and handwritten notes		
2	21	Notes and results from experiments	handwritten notes, dated and listed by number and title; results from various chemical experiments are also included however not always indexed to the list of titles.	1976	Handwritten Notes		
2	22	Notes and results from experiments	handwritten notes, dated and listed by number and title; results from various chemical experiments are also included however not always indexed to the list of titles.	1976-77	handwritten notes		
2	23	Notes and results from experiments	handwritten notes, dated and listed by number and title; results from various chemical experiments are also included however not always indexed to the list of titles.	1978-79	handwritten notes		
2	24	Conjugal and Genetic Analysis of the INCH1 Plasmid, R27	PhD Thesis with comments from Dr. Taylor	2000	typed pages		
3	25	Notes and results from experiments	DNA prints and negatives, handwritten notes re: various experiments	1988	Negatives, prints, handwritten notes.		

3	26	Determination de la sequence nucleotidique du gene de l'aminoside-phosphotransferase contenant la resistance aux aminosides chez <i>acinetobacter baumannii</i>	Diplome D'Etudes approfondies de microbiologie	1987	typed pages with charts and photoprints of lab results.		
3	27	Notes and results from experiments	results include: "Gentamicin resistant c coli"	1987-88	Handwritten notes on lined paper, some photo prints and negatives		
3	28	Notes and results from experiments	Copies of articles, negatives, handwritten notes, test results sent from Pasteur Institute	1987	Handwritten notes on lined paper, some photo prints and negatives		
3	29	Notes and results from experiments	Graphs, prints, handwritten notes, and slide, concerning <i>inter alia</i> R 27 Induction	1987	Handwritten notes on lined paper, some photo prints and negatives		
3	30	Notes and results from experiments	Graphs, prints, handwritten notes, and slide, concerning <i>inter alia</i> R 27 Induction	1987	Handwritten notes on lined paper, some photo prints and negatives		
4	31	Book #2	Handwritten notes, experiment results, microfilm and photo prints re: ongoing publication project	1983	Handwritten notes on lined paper, some photo prints and negatives		
4	32	Notes and results from experiments	Copies of articles, notes on lab results, annotated DNA results. Copy of Taylor article, "Campylobacter Jejuni", list of numbered experiments, photo prints of DNA test results	[ca 1985]	Photo prints, negatives, graphs, print outs and handwritten notes		
4	33	PHD Dissertation	David Allen Rasiko, "Expression and Synthesis of Lewis Antigens in <i>Helicobacter pylori</i> "	2000	Typed manuscript		
4	34	Experiment notes and results	Notes and experiment results including <i>inter alia</i> , "Preparation of media, Genetic Clones", "Birtchom - Day Technique of DNA screening isolation and Screening", "Portray an dWhite Method of Plasmid DNA Isolation", "Plasmid Markers", "Antibiotic Stock Solutions for Media"	1982	Handwritten notes on lined paper, some photo prints and negatives		
4	35	Result results and publication re: "Mechanism of Tellurite Resistance in Gram Negative Bacteria: Chromosomal and Plasmid Mediated	Typed annotated results from Raymond Turner, microfilm, prints, handwritten notes.	1979-1995	Handwritten notes on lined paper, some photo prints and negatives		

5	36	Experiment notes and results	Experiments include "Experiments to map UA466", copy of science article "Incompatibility group identification for repressed plasmids using host cell lysis by specific bacteriophages",	1985	DNA microfilm test results, handwritten notes, film pints		
5	37	Experiment notes and results	Experiments include, inter alia, PBR Tn5, RRL minigel, restriction enzyme patterns for PHH1508a, PSR Ligation Dt1047	1983	Handwritten notes on lined paper, photo prints and negatives, graphs		
5	38	Experiment notes and results	Experiments include, inter alia, PBR Tn5, RRL minigel, restriction enzyme patterns for PHH1508a, PSR Ligation Dt1047	1983	Handwritten notes on lined paper, photo prints and negatives, graphs		
5	39	Experiment notes and results	Experiments include, inter alia, PBR Tn5, RRL minigel, restriction enzyme patterns for PHH1508a, PSR Ligation Dt1047	1983	Handwritten notes on lined paper, photo prints and negatives, graphs		
6	40	Experiment notes and results	Experiments include, inter alia, hybridize DT110 to DT 883, 1047,	1985	DNA microfilm test results, handwritten notes, film pints		
6	41	Experiment notes and results	Experiments include inter alia "to test Pin 25," to digest Pin 25", "to do double digests of Eiori Ixh0	1986-87	DNA microfilm test results, handwritten notes, film pints		
6	42	Experiment notes and results	Results from experiments include: "Experiment to redo DT1332," "Expt. To continue H minis esp. DT 1072," Incompatibility testing between H mini's and PRG1251," " Hmini continued + Hybdation"	1986-87	DNA microfilm test results, handwritten notes, film pints		
6	43	Experiment notes and results	Results from experiments include: "Expt to test colicin activity of pCol B K260," "Patch test for colicin B production,"	1987-88	DNA microfilm test results, handwritten notes, film pints		
7	44	Experiment notes and results	Annotated DNA print results, DNA microfilm, ie "plasmid transformation in <i>Helicobacter</i> ," "Cross Reactivity of Flagellin," "Overnight Exposure," Immunoblot #4 1251 Protein A", copies of science articles "Evidence that Subcellular Flagellin Pools in Caulobacter crescentus are Presursor in Flagellum Assembly"	1985	DNA microfilm test results, handwritten notes, film pints		

7	45	Experiment notes and results	Annotated DNA print results, DNA microfilm, ie "plasmid transformation in Helicobacter", "Cross Reactivity of Flagellin, Overnight Exposure, "Immunoblot #4 125 I Protein A", copies of science articles, "Evidence that Subcellular Flagellin Pools in Caulobacter crescentus are Precursor in Flagellum Assembly"	1985	DNA microfilm test results, handwritten notes, film prints		
7	46	Experiment notes and results	Test titles include, "Protocols for Restriction Enzyme Digestion," "Experiment to test Derepression of R27 in D886," "CscI2 isolations of DT 521, 886," "Restriction Enzyme Digests of F +H Plasmids "	1982-86	DNA microfilm test results, handwritten notes, film prints		
7	47	Experiment notes and results	Experiments include inter alia "R27 XBA Fragments cut with AP/A," "R27 digests for Blots," "R27 Digests with standards for sizing," "Extraction of R27 Fragments - Seaplaque Agarose," "XBA Fragment 7 - Blot,"	1982-84	DNA microfilm test results, handwritten notes, film prints		
7	48	Experiment notes and results	Various annotated results from experiments, most results include DNA data	1982-84	DNA microfilm test results, handwritten notes, film prints		
8	49	"Helicobacter pylori: Construction of Genome Map and Demonstration of Enormous Diversity at the Genome Level"	Copies of published manuscript, annotated experiment results, handwritten notes and comments from reviewers.	1991-92	Copies of manuscript, handwritten notes on data, typed comments		
8	50	Experiment notes and results	Correspondence, handwritten notes, published articles	1992	DNA microfilm test results, handwritten notes, film prints		
8	51	Experiment notes and results	Correspondence, published material, handwritten notes, experimental data from various experiments	1987-89	DNA microfilm test results, handwritten notes, film prints		
8	52	Experiment notes and results	Correspondence, published material, handwritten notes, experimental data from various experiments	1994	DNA microfilm test results, handwritten notes, film prints		
8	53	"Association of Erythromycin Resistance in Clinical Isolates of Campylobacter coli with Altered 50S Ribosomal Proteins"	Copy of manuscript for publication, notes and data	[ca 1995]	Copies of manuscript, handwritten notes on data, typed comments		
8	54	Miscellaneous experiments data	Microfilm, photo prints, notes	1994-95	Copies of manuscript, handwritten notes on data, typed comments		

8	55	Methods	Notes and published material on experiments	1989	Copies of manuscript, handwritten notes on data, typed comments		
8	56	Miscellaneous experiments data	Notes and published material on experiments	[ca 1990]	Copies of manuscript, handwritten notes on data, typed comments
